Your Independent Consultant Is:

You Could Earn Even More Than Just Free Books. Ask Me How!

Based on one average party with \$400 retail sales per week, Consultants earn \$400 each month.

Free Books earned are based on the retail sales value of Guest orders plus the number of bookings. A "booking" is when your Guest schedules a Party of their own. For parties without a booking, and minimum sales of \$200, the host earns \$30 in free books. For every \$50 over \$200, the host earns \$10 in additional free books. Host cost is \$2.00 + 8% shipping (on the retail value of the Free Books and any discounted books ordered) + local sales tax. All Customer and Host orders must be received at the Home Office by 10:00 am Central Time on the last day of the Consultant's 12 week Incentive Period to qualify for additional Free Books. We reserve the right to correct typographical errors.
